

**Amendment to the Specification**

Please replace original paragraph [39] with the following paragraph [39] -

[39] Preferred culture conditions for a given cell line may be found in the scientific literature and/or from the source of the cell line such as American Type Culture Collection (ATCC) P.O. Box 1549, Manassas VA 20108. Typically, after cell growth has been established, the cells are exposed to conditions effective to cause or inhibit the expression of the protein of interest and/or their fusion analogs.
